NEW PHASE IN WAR HAS BEGUN: ENEMY ON DEFENSIVE: STEED ON SETBACKS AND DISAPPOINTMENTS FOR HITLER AND AXIS PARTNER

"THE LIST OF THE EPISODES OF THE LAST TEN DAYS ARE SURELY WORTHY OF ATTENTION. It records a series of setbacks and disappointments for Hitler and Mussolini," said MR. H. WICKHAM STEED when he spoke in London last night on the latest developments in world affairs.

Mr. Steed opened his talk with a brief reference to the early successes which Hitler achieved in the war. "Poland, Denmark, Holland, Belgium and France went down before Hitler one after another," he said. "Then came the Battle of Britain when German raiders were brought down in hundreds while at the same time our bombers were continually over Germany."

Fire Of Destruction Lit At Taranto Which Duce Is Impotent To Put Out

LONDON, Nov. 15 (Reuter)—"Signor Mussolini dare not confess to the unhappy people of Italy even half the truth of the Taranto disaster though the bombs which crashed in the new raids on Taranto and his other naval base at Bari show the whole country that a fire of destruction has been lit which he is impotent to put out," declared the DAILY TELEGRAPH.

"Meanwhile, there is reiteration of the original lie that only a single ship was seriously damaged. Proof is easy. If the Italian Navy has

but one ship damaged let the others take heart of grace. "On paper their numbers would be a match for our Mediterranean Fleet, they would have the chance to be sunk without disgrace, and they might prove that one part of the Fascist regime at least knows the meaning of honour."

Continuing, the paper states: "What hope there may be of saving and repairing the shattered ships is blighted by the prospect of continuous bombing. The oil stores and ammunition dumps at Bari were all set blazing on the same night while ports on the Albanian coast which feed the Italian Army attacking Greece passed through another stage of systematic destruction. "Neither the Fascist Navy nor the Regia Aeronautica shows any capacity to check these raids. The British combination of sea power and air power will strike again at more targets and with still more devastating blows."

OPERATIONS DESCRIBED LONDON, Nov. 15 (Reuter)—"I have just returned to Alexandria after seven-and-a-half days at sea—a trip of some 3,500 miles—during which the Mediterranean Battle Fleet carried out covering operations enabling the Fleet Air Arm to deliver its devastating blow. Cont'd Page 7, Col. 1

SHELLS ACROSS STRAITS

For over two hours today British and German long-range guns shelled each other across the Straits of Dover, states a message from London. The British guns went into action at daybreak and shortly after the German guns replied. No casualties have been reported on the British side of the Channel.

HAVOC BY FLEET AIR ARM TOLD

LONDON, Nov. 15 (Reuter)—The text of an Admiralty communique describing the havoc wrought by the Fleet Air Arm at Taranto reads:

"Further reconnaissance of the Italian base at Taranto has established with certainty that three battleships were crippled during a Fleet Air Arm attack on the night of Nov. 11-12.

"Efforts are being made to salvage a battleship of the Littorio class, which was previously seen to have her forecastle under water and a heavy starboard list.

TWO AGROUND

"Reconnaissance has confirmed that two battleships of the Cavour class are aground. One of these is beached and an auxiliary vessel is lying alongside her while nets have been laid all round for the ship's protection.

"The second vessel abandoned is lying heeled over to starboard with only the forward part of her upper works above water.

"A pilot of one of the reconnaissance aircraft has reported that four shapes can be seen under water at the entrance to the graving dock in the inner harbour, and come out and show themselves.

"These operations were rather in the nature of defensive rather than offensive proper, but what has happened in the past week or ten days is entirely different. A new phase in the war has begun. The enemy now appears to be on the defensive as the result of a run of very bad luck.

"This change is very important because it shows that wars are not won by armed strength alone but by moral strength as well.

"When the Battle of Britain began most of the neutral and non-belligerent countries believed that the British Commonwealth and her Allies would go under. By the middle of October this belief was shaken and now it has given place to the conviction that Britain and her Allies cannot be beaten and are more likely to win."

"The list of the episodes of the last ten days are surely worthy of attention. It records a series of setbacks and disappointments for Hitler and Mussolini.

CAUSED CONFUSION

"First came the re-election of President Roosevelt for a third term. This caused confusion to the Totalitarians who had been hoping that a change-over to a new President would give them

HEAVY ATTACKS ON 26 ENEMY OCCUPIED AERODROMES, HARBOURS FROM STAVANGER TO LORIENT

Germans Indiscriminately Bomb Coventry

LONDON, NOV. 15 (REUTER)—THE HEAVY ATTACK ON BERLIN AND ATTACKS ON 26 ENEMY OCCUPIED AERODROMES AND HARBOURS AND SHIPPING FROM STAVANGER (NORWAY) TO LORIENT (BRITANNY) LAST NIGHT COST THE R.A.F. TEN AIRCRAFT.

Good weather and bright moonlight favoured the heavy attack on Berlin, says the Air Ministry communique, which adds that high explosive bombs fell on and around the Schlesischer Railway Station and goods yards and on the railway yards at Pulitzstrasse and Lehrter stations.

AKSHALTER STATION, IN THE CENTRE OF THE CITY, AND THE TEMPHOF AERODROME WERE ALSO ATTACKED AND FIRES STARTED.

The sky over Berlin was lit up in flames as a heavy barrage of anti-aircraft fire and tracer bullets sought to stop the heavy raid which the Royal Air Force launched on the German capital, states a message from London.

CHIEF SCOUT ILL

LORD BADEN-POWELL

NAIROBI, Nov. 15 (Reuter)—Doctors are anxiously watching the conditions of Lord Baden-Powell of Gilwell, Chief Scout of the World, who is suffering from recurring heart attacks. He is aged 83.

German planes also launched a heavy attack on the Midlands in England on Thursday night and Coventry suffered very severely.

It was stated that the raid on Coventry was on a scale comparable to the largest night attack on London. The German planes were heavily engaged by anti-aircraft fire, but Coventry suffered very seriously. The casualties are expected to number 1,000.

The German attack was begun by scattering incendiary bombs and indiscriminate bombing followed. Much damage was done and many buildings were destroyed, including the Cathedral. Two enemy planes were shot down.

The message paid a tribute to the courage of the people of Coventry during the raid.

N.E.I. AIR TRAGEDY

BATAVIA, Nov. 15 (Reuter)—A Dutch naval flying-boat crashed near Sourabaya. Five were killed and one injured.

10 ITALIAN PLANES BROUGHT DOWN BY GREEK MACHINES

ATHENS, Nov. 15 (Reuter)—A series of Greek counter-attacks resulting in the general advance was reported from all three sectors of the Italo-Greek front last night.

Three local Italian attacks have been repulsed. Ten Italian planes are stated to have been brought down in battles with Greek machines, three of which were lost.

Greek mountain troops working their way round Koritza, the Italian base in the northern sector, are stated to have practically encircled the town. Only a small gap in the north-west remains to be closed.

In the southern sector, the Greeks have crossed the Kalamas River pushing back the Italians towards the Albanian frontier. More successes are reported in the central (Pindus) sector, where the Greek army are now back in the positions held on the first day of the war.

The mopping up of remnants of the Italian Third Alpine Division routed in the Pindus mountains last week is now almost complete. Larissa, in Eastern Greece, was heavily bombed from the air yesterday, resulting in many casualties.

GREAT ACTIVITY

Great activity by infantry, artillery and aviation on the whole of the Italo-Greek front is reported in a Greek High Command communique issued last night.

During aerial battles, 11 Italian planes were brought down and subsequently another 10 were damaged beyond repair.

Greek forces have taken over 200 prisoners and captured all kinds of war material.

The Greek Air Force bombarded aerodromes at Koritza and Argyrokastron destroying enemy machines on the ground. Italian columns on the march were also bombed. One Greek machine did not return to the base.

30 SHIPS OF CONVOY NOW SAFE

LONDON, Nov. 15 (Reuter)—The following is the text of the Admiralty communique issued yesterday:

"Of the 38 ships in convoy which were attacked by an enemy surface raider on Nov. 5 a total of 30 have been announced as safe in Admiralty communications issued on Nov. 12 and Nov. 13.

"Owing to the necessity of maintaining wireless silence it has only now been established that two more ships of this convoy are safe. They are the San Demetrio and the Morzawa.

"As far as can be ascertained four ships of this convoy, having a total tonnage of 25,453 tons, were sunk by the raider but one ship of 7,900 tons, however, is still unaccounted for.

"The 38th ship, of 2,374 tons, which escaped from the raider was subsequently attacked by aircraft three days later and set on fire and abandoned."

Helping China's War Needs: Gen. Wu Te-chien Raises Six Million Yuan In The D.E.I.: Big Drive Opened In U.S.

Information reached Hongkong last night that GEN. WU TE-CHEN, Chinese Minister for Overseas Affairs, who is now on a tour of the Dutch East Indies and Malaya, has collected 6,000,000 YUAN in the D.E.I. to help China's war needs.

It was reported that Gen. Wu Te-chien said that he hoped to raise this total to 100,000,000 yuan before he returns from his tour.

Colonel Frank Knox, U.S. Secretary to the Navy, stated yesterday: "I hope we shall soon be offering to help China as we are now helping Britain. We won't appease anybody on earth."

DRIVE IN AMERICA

NEW YORK, Nov. 15 (Reuter)—A nationwide drive to raise \$1,000,000 for the relief of war-stricken Chinese was opened last night by the newly formed China Emergency Relief Committee headed by Pearl Buck, well-known authoress with Mrs. Franklin D. Roosevelt as honorary chairman.

For the part of opening the ceremonies the committee had hoped to have Madame Chiang Kai-shek to speak on a shortwave broadcast from Hongkong but the National Broadcasting Corporation is unable to make contact.

DAILY DOUBLE
EVE OF PEACE AND CONTACT

TODAY'S WAR SUMMARY

ROYAL AIR FORCE BOMBERS MADE A HEAVY and successful attack on objectives in Berlin as well as other attacks on industrial targets elsewhere in Germany and on enemy occupied aerodromes. Meanwhile, German raiders subjected Coventry to a very severe attack and it is feared that the casualties may be over 1,000.

ALONG THE WHOLE OF THE 120 MILES OF LAND front in Greece there was lively activity of infantry, artillery and aviation on Thursday. Greek forces in the Epirus and Macedonian fronts are advancing under favourable conditions. In the Kalamas sector Greek troops are reported to have reached the frontier.

A NATIONWIDE DRIVE TO RAISE \$1,000,000 for the relief of war-stricken Chinese has been opened in New York. Meanwhile a report from Chungking states that the Chinese authorities are making preparations for a continued long-term warfare against Japan. The Soviet Embassy in Chungking has announced that changes in the international situation would not affect the Soviet policy of assisting China.

A GERMAN WIRELESS COMMENT ON THE VISIT OF M. Molotov, Soviet Foreign Commissar, to Berlin states that for Britain co-operation decided on by Germany and Russia means as much as a battle that the full significance of which is not yet realised.

ANOTHER FULL DAY'S CARD OF SOFTBALL FIXTURES

Baby Panthers-Cardinals Best Of Ladies' Games

BY R.O.Y.

Another full day's card of six matches is to be staged at the Kowloon Football Club ground tomorrow, commencing with the Wahooks-Little Flower Club clash at 9 a.m. The BABY PANTHERS-CARDINALS fixture follows at 10.30 a.m. and should be the best Ladies' game of the day as the Wildcats should have as easy an outing against Recreio as the Wahooks are certain to have against the Little Flower Club lassies.

The Baby Panthers, after tramping over the Little Flower Club and Chung Hwa, stand very close to the top of the standings, having dropped only two points to the powerful Wildcats outfit only after putting up a four struggle. The Cardinals' only victory, to date, was their surprising upset of the Wahooks but they have yet to meet the weaker teams, having dropped decisions to the highly fancied Canadian Chinese and the

Wildcats after performing very creditably in both of the unsuccessful outings. It looks to be an exceedingly close match, with the odds slightly in favour of the heavier hitting and faster Panther Kittens.

EXCELLENT FARE

The first of the Men's games, commencing at 1.30 p.m., will be the meeting of the Cyclones and St. Joseph's which is anticipated to provide excellent softball fare for the many fans who make the K. F. C. their Sunday rendezvous. The former are undefeated at the top of the league tables and were immensely backed by their victory, over their compatriots the more experienced Indian Softball Club. In a previous match, their sound defence, though, is likely to buckle under the barrage that the St. Joseph's sluggers are expected to unleash and if it does—goodbye that perfect average.

The Collegians cannot be expected to reproduce their debacle of last week, against the Recreio Aces, and should meet with success in this, their first chance of redeeming that previous poor performance.

The brilliant Hongkong Baseball Club aggregation take the field against the Canadian Chinese, at 2.45 p.m., and should meet with little resistance to their garnering further valuable points in the pennant race.

CELLAR BERTH

The Canucks, without Cray, Nazarin and George White, appear to be thoroughly disorganised and will be fortunate if they manage to stay out of the cellar berth when the season comes to an end.

Chuck Waggoner will take no chances, however, so fans can be assured of seeing some sparkling plays that are bound to be served up by the full strength of the Club aggregation.

Another excellent battle should be the nightcap between the Indians and the Recreio Aces which is scheduled for 4 p.m. The former were not at all impressive when they went down to the Cyclones but, as a rule, are quite a sound fielding team that should cause the Recreio attack no end of trouble. The Aces are well-known for their all-round ability on the diamond and it is doubtful if they will drop another game before they meet the Baseballers or St. Joseph's again.

The schedule and umpires are as follows:
9 a.m.: Wahooks v. L. F. C.;
9.30 a.m.: B. Panthers v. Cardinals; H. Wing Lee, N. Lum & J. Fonseca.
10.30 a.m.: B. Panthers v. Cardinals; H. Wing Lee, N. Lum & J. Fonseca.
11.30 a.m.: B. Panthers v. Cardinals; H. Wing Lee, N. Lum & J. Fonseca.

1.30 p.m.: St. Joseph's v. Cyclones; N. Beltrao, N. Lum & T. Chinn.
2.45 p.m.: H. K. B. C. v. C. Chinese; Pawlowski, A. Leonard & A. Bakar.
4 p.m.: Recreio v. Indians; F. J. Molthen, E. Hearther, & J. Delgado.

VOLUNTEER BOWLS FINAL

The Final of the China Mail Cup between 5th A.A. Battery and A.S.C. Coy. "A" will be played at the Kowloon Bowling Green Club on Sunday, commencing at 3 p.m. The cup and souvenirs will be presented to the successful unit by Col. H. B. Rose, Commandant of the H.K.V.D.C. after the match.

Big Football Attraction At Sookunpoo

SING TAO MEETING MIDDLESEX

There are only four League games down for decision this weekend, the Club-Royal Scots match having been postponed owing to the Volunteer camp.

The attraction this afternoon should be that between MIDDLESEX and SING TAO at Sookunpoo and the latter will have to be on tip-top form if they hope to take full points from the "Dichards."

The potential champions were none too impressive in their last few outings.

A notable change in the Chinese side is the inclusion of Yeung Shiu-yick in place of Ip Pak-wah. Navy will entertain St. Joseph's and should have little difficulty in disposing of the weak Saints while Kowloon and Police will have a good fight.

In the only other Senior game tomorrow Eastern will meet Kwong Wah at Caroline Hill and should win comfortably.

FIRST DIVISION

KOWLOON: Lapsley, Lamb, Ulrich; Maxwell, Williamson, Hutcheon; Truscott, P. Jorge, V. White, Jackson and Elsiey.
ST. JOSEPH'S: Sammy Tsang; Bowen, Hussain; Fernandes, D. Leonard, Lau Wing-kwong; Ali, Gomes, A. Leonard, Santos and Cruz.

NO ENTRY OF AMAHS KWANGSI TO HOLD INTO AUSTRALIA

A notification from the Colonial Secretariat states that a communication has been received by the Hongkong Government from Australia to the effect that the question of the admission into Australia of Chinese amahs who wish to enter the services of evacuees from Hongkong has been given very careful consideration by the Minister of the Interior, but that it has been decided by the Australian Government that servants of Chinese amahs cannot be admitted to Australia for this purpose.

KWANGSI TO HOLD AIR DEFENCE DAY

An elaborate programme has been mapped out by the authorities here for the observance of the First Air Defence Day in Kwangsi to be held consecutively for three days, Nov. 19, 20 and 21 inclusive. The special feature of the programme will be demonstration of aeroplane flying and parachute jumping. Other items include sporting events and Peking and Kwangsi drama. An exhibition of air force arms and photographs of planes in action will also be held. (Central News)

PATENT INCREASES RADIO'S FIDELITY

WASHINGTON — Edwin H. Armstrong, originator of present-day FM (frequency modulation) broadcasting, has just received a patent (No. 2,215,284) for an improved method of FM transmission and reception which is claimed to give extremely high fidelity.

The new system permits transmission of the lowest to the highest pitched audible sounds, covering the entire audible range from thirty to 16,000 cycles. Present-day radio stations operating on amplitude-modulated radio waves cover but half this range, the patent states. Because of this limitation, their fidelity of reproduction is not high.

In transmitting music or vocal sounds, the lower-pitched notes are readily broadcast and received. It is said. However, the impulses corresponding to the higher-pitched sounds are weaker. They get "lost" in the tube and circuit noises of the set, and are not heard in the receiver.

NEW METHOD

In Dr. Armstrong's new method of FM broadcasting and reception the high-frequency sounds of the broadcasting band are amplified many times more than the low-frequency sounds. Then the frequency of the wave to be broadcast is varied by the amplified currents. This produces a wide band of frequency variations. This wave is broadcast and when picked up at the receiver is amplified. The amplified currents are passed through a detecting device, where the frequency variations are converted into a band of currents of variable amplitudes. By this conversion distortions which would produce noises are suppressed. Now the low-frequency currents of the band are amplified to a greater degree than the high-frequency currents. Thus, it is said that both low-pitched and high-pitched sounds are reproduced, free from distorting noises, substantially as they go into the microphone at the transmitter.

REHABILITATION OF NANNING PROGRESSING

Rehabilitation of Nanning is making good progress, according to a telegram received here from Gen. Huang Shu-chu, Chairman of the Kwangsi Provincial Government, reporting on the latest conditions in that city.

The power plant in Nanning has already resumed operation, while the waterworks is being rapidly repaired and expected to start functioning shortly.

Large numbers of former residents of the city have returned. Many shops are also being opened, but there is an acute shortage of daily necessities.

The mines laid by the Japanese on the Nanning-Pingyang highway have been removed, while

JAPAN IS EVADING ALLIANCE OBLIGATIONS

CHUNGKING, Nov. 15 (Central)—With Italy facing a debacle in her invasion of Greece the world is wondering whether Japan, the little Axis partner, will come out to aid her ally in fulfillment of her obligations in the Tripartite Alliance Pact.

One section of opinion thinks that Japan has been evading her obligations ever since the outbreak of the Italo-Greek conflict. Representative of this view is Dr. F. C. Kuo, an expert on international affairs, who declared that Japan was mainly aiming at intimidation and bluff when she entered into alliance with the Axis Powers on Sept. 27, and that her "liberal construction" of the clauses of the pact shows clearly that her use of the alliance is to extract the maximum propaganda value therefrom to support her own aggrandisement in East Asia.

The outbreak of the Italo-Greek hostilities embarrassed Japan more strongly than any other nation in the world, said Dr. Kuo. Article III of the Tripartite Pact clearly provides that Germany, Italy and Japan "undertake to assist one another with all political, economic and military means when one of the three contracting Powers is attacked by a Power at present not involved in the European War or the Sino-Japanese conflict."

Yet procrastination marks every step taken by the Japanese Government whose Foreign Minister complained about "lack of detailed reports" and whose inspired press argued that "it is unlikely Italy and Germany would desire Japan's immediate participation in the European war on account of peculiar Italo-Greek relations as well as Japan's geographical position."

AMPLY CLEAR.

This should, continued Dr. Kuo, make it amply clear that when Japan originally concluded the alliance with the Axis Powers, she had little intention to be a full-fledged ally of Germany and Italy. She is essentially a political opportunist, banking her hopes on the possibility that with an alliance with Germany and Italy, she might scare Britain and the United States into full retreat from the Far East. Japan's conception of the Tripartite Pact is that it should serve as a new and convenient weapon for her habitual bluff—and no more.

In this connexion, Dr. Kuo recalled that prior to the outbreak of the Italo-Greek conflict, the Japanese authorities somewhat unwittingly disclosed their inten-

MOSLEM CENTRE FOR LONDON

Broadcast Appeal For Funds

LONDON, Nov. 15 (Reuters)—An appeal to Moslems all over the world to subscribe generously towards the realisation of "this great and noble project" was broadcast last night by the Egyptian Ambassador on behalf of the proposed new Mosque and Islamic Cultural Centre.

It is estimated that the building will cost about £580,000. The speaker said that despite the great size of London, the large number of Moslem residents there have no place where they can keep in touch with Islamic culture. The deficiency was particularly felt by students at British universities.

A Committee had been formed and their efforts were strongly backed by Lord Halifax, the British Foreign Secretary, and by Lord Lloyd, Secretary for the Colonies. As a result the British Government had decided to present a site, sanctioning an expenditure of £100,000 for the purpose.

SPITFIRES ACCOUNT FOR 13 NAZI DIVE-BOMBERS

LONDON, Nov. 15 (Reuters)—Thirteen enemy dive-bombers and one fighter were destroyed off the south-east coast of England yesterday before they could make any attack, announces the Air Ministry.

A single heavy bomber which crossed the coast in the morning was immediately shot down. According to later reports given by the Air Ministry, four more enemy aircraft have been shot down. This makes 19 destroyed altogether.

Twelve Spitfires of one squadron destroyed 13 of the 15 Junkers dive-bombers brought down, according to the Air Ministry.

They were evidently attempting to attack Dover harbour. It is also confirmed that two enemy bombers were destroyed on Wednesday night. Both pilots of the two British fighter planes lost are now safe.

ATTACK ON GIBRALTAR ENVISAGED

BOSTON, U.S.A., Nov. 15 (Reuters)—Germany has a whole division in civilian clothes in Spain and an "attack on Gibraltar is a likely event in the near future," stated Colonel Frank Knox, the United States Secretary for Navy, in a powerful speech here advocating increased attention to national defence.

Colonel Knox expressed the view that if the Axis Powers were successful against Gibraltar, they might attempt to move down into South Africa.

Concerning United States preparedness, Colonel Knox stated that the American Fleet was the "strongest afloat today—it's not only stronger but thank God! it's ready!"

W.C. Bullitt For London?

Resignation Declined By President

NEW YORK, Nov. 15 (Reuters)—President Roosevelt has declined to accept the resignation of Mr. William C. Bullitt, as United States Ambassador to France.

In an announcement yesterday, Mr. Bullitt says that he submitted his resignation on Nov. 7 but the President intimated that he wished him to remain in office.

Earlier yesterday it was reported that Mr. Bullitt might be offered the post of Ambassador in London in succession to Mr. Joseph P. Kennedy, whose interview in Boston, which he is reported to have said that democracy in Britain is dead and which has been condemned, is considered to have destroyed his official usefulness.

Mr. Kennedy himself is obviously not anxious to return to London.

Free French Women To Form Corps

LONDON, Nov. 15 (Reuters)—French women in Britain are to form a special corps to help the Free French cause.

It will be equivalent to the British Women's Auxiliary Services and members will principally act as cooks, clerks, typists, and chauffeurs, relieving men of the Free French Forces for active service.

REMARKABLE DECREE OF RUMANIAN GOVERNMENT

BELGRADE, Nov. 15 (Reuters)—Measures granting what amounts to independent sovereignty for Germans of Rumanian nationality are contained in a remarkable fivepoint decree issued in Bucharest.

The measures include: Firstly, the introduction of the Nuremberg anti-Jewish laws; Secondly, equal status for the German flag with the Rumanian flag as the symbol and creed of the German nation, just as the Rumanian flag is the symbol and creed of the Rumanian State;

Thirdly, the Nazi Party is to be protected as a juridical body; 'MEMBERSHIP LIMITED' Fourthly, the membership of the Party is to be limited to those who are German-conscious and can be recognised by 'qualities of leadership'; Fifthly, the leaders of the Party will be authorised to issue regulations concerning German autonomy and rights under the approval of the Rumanian Government.

FORCES DEMOBILISED—LONDON, Nov. 15 (Reuters)—Rumanian armed forces mobilised at the time of the cession of Bessarabia and Northern Bukovina to the U.S.S.R. are being demobilised under a decree issued by the Prime Minister, General Ion Antonescu, says a Bucharest message to the German news agency.

Demobilisation begins at 2 p.m. today. The decree was signed by General Antonescu before he left for a visit to Rome but not published until today. The message adds: "The Rumanian Minister of National Defence is authorised to call up reservists and make requisitions in case of need."

AIR ACTIVITY IN AFRICA

LONDON, Nov. 15 (Reuters)—In the Western Desert, Sidi Barrani, Bardia and further west, Ken Ghazi, were all raided and considerable damage was done.

At Berna, a large fire was started as the result of an attack on the barracks. At Ben Ghazi, ships moored at Mor Anitalla were bombed. Numerous reconnaissance raids were carried out over enemy territory in all war areas of the middle East. From these operations, all our aircraft returned safely.

Parliamentarians Not Exempt From Detention—LONDON, Nov. 15 (Reuters)—Members of Parliament are not exempted from detention under the Defence Regulations.

This principle is upheld by the Committee of Privileges in a report yesterday which states that the detention of Captain Ramsay, M.P., does not constitute a breach of privilege of the House of Commons.

Further Details Of Taranto Action: Harbour Lighted By Flash Of Immense Explosion

LONDON, Nov. 15 (BWS)—Although full reports are not yet available, informed quarters here learn that Wednesday's attack by R.A.F. bombers on the Taranto naval base, at the heel of Italy, was highly successful.

This attack took place at night after the Fleet Air Arm had carried out an operation resulting in the reduction of the Italian battle fleet by three capital ships.

The night was clear and moonlit as our aircraft came in across the Gulf of Taranto and warships in the harbour could be seen without difficulty. An intense barrage was put up by the ships' guns and port batteries but the attack was pressed home.

SEVEN CONFLAGATIONS—The eastern part of the main docks in the inner harbour was heavily bombed with high explosives and incendiaries. At one time seven big fires were blazing together and there was a succession of heavy explosions.

One of the raiding aircraft had been on the homeward course for 15 minutes when the crew saw the whole of Taranto lighted up by an immense flash from an exceptionally big explosion.

Naval oil tanks and destroyer pens in the dockyard were hit and fires started. One stick of high explosive bombs fell along the wall of the docks next to destroyers tied up alongside.

ITALIAN COMMUNIQUE—The Italian communique claims that "two enemy machines were probably shot down." In fact all the R.A.F. aircraft returned safely.

LONDON, Nov. 15 (Reuters)—"The British raid on Taranto must be admitted a great success," declared a Captain in the Soviet Navy in an interview and quoted by the Moscow Radio last night.

He added that establishment of the Corfu bases about 100 miles from the Italian bases placed the British in a much better position to strike at the Italian army.

He also said that the aerial torpedo is a much more effective weapon against warships than the bomb as it can hit vulnerable underwater parts.

SUPPLY BASES BOMBED—LONDON, Nov. 14 (Reuters)—Long-range bombers of the R.A.F. have continued their attack on the principal Italian ports being used as supply bases for the Albanian front, states the Air Ministry.

Other aircraft on the same night attacked Durazzo and were gullied to their target by a fire, started the previous night, which was still burning fiercely.

Treatment Of Patients At Govt. Hospitals: K.R.A. Wants Procedure Improved

The procedure to be followed by patients seeking admission to, or treatment at, Government Hospital, formed the subject of an interesting discussion at the November meeting of the General Committee of the Kowloon Residents' Association, which continues in its endeavours to protect and improve the amenities of Kowloon.

It will be remembered that in June last, a notice was issued by the Medical Department to the following effect:

"All patients who wish to be examined at, or admitted to, the wards of Government Hospitals—with the exception of Government servants and their wives and children, and accident or emergency cases, must bring with them letters of introduction from their private medical practitioners, unless they can satisfy the Almoner on arrival at the hospital that they are not in a position to afford a private practitioner's consultation fee."

SEVERAL COMPLAINTS

In point of fact, the provisions of this official notice had already been brought into effect at the Kowloon Hospital a few months previously, and several complaints had been drawn to the attention of the Association indicating that the new regulation imposed considerable hardship on certain classes of the Kowloon public.

Representations were made to the Hon. Director of Medical Services, in which it was suggested (1) that Government appeared to be over-solicitous respecting the commercial welfare of local private practitioners, and (2) that a large majority of the patients (other than Government servants and their wives and children) seeking treatment at the Kowloon Hospital cannot afford a private medical practitioner, and therefore will have to submit to an enquiry by an Almoner which will obviously be humiliating and perhaps offensive. The Hon. Dr. P. S. Selwyn-Clarke, Director of Medical Services, in his reply courteously proposed that in order to save time, the Association should appoint a representative to discuss the question with him; consequently, Mr. C. E. Terry was delegated to carry out this duty.

WRITTEN REPORT

At the meeting of the General Committee just held, Mr. Terry submitted a written report of his discussions with the Hon. Dr. P. S. Selwyn-Clarke, and also of one which he had with the Lady Almoner of Government Hospitals, Miss M. Watson, kindly arranged through the Hon. Director of Medical Services.

The report stated inter alia that in the view of the Hon. Director of Medical Services, the basic idea behind the new regulation was that it was not intended in any way as a sop to private practitioners, but it was intended to ensure that the medical facilities provided by Government should be available for those who could not obtain them from private practitioners, that is to say, (a) for the indigent, (b) for casualty, accident and emergency cases, (c) for those requiring special treatment such as deep X-ray therapy and certain other types of treatment necessitating special equipment which was only available in Government hospitals, and (d) for Government servants who, under the provisions of their contract, were entitled to such treatment.

IDEAL STATE

It was mutually agreed that in an ideal state, free medical treatment, i.e., "State Medicine" should be available for all, but so long as only restricted facilities were available, it was necessary to see that these remained available for the class of people who for any reason could not be dealt with by private medical practitioners. It was a recognised fact that at the present time, hospital facilities in Hongkong were totally inadequate, and so long as adequate facilities did not exist, Dr. Selwyn-Clarke considered the only method of ensuring that existing facilities were available for necessitous cases was by means of a regulation such as that under discussion.

It seemed that the root cause of the whole trouble was the inadequacy of hospital facilities in the Colony, and the Hon. Director of Medical Services invited the attention of the Association to the "Report of the Technical Committee for the Re-organisation and Improvement of Existing Official Hos-

pital and Clinical Facilities of the Colony of Hongkong, 1938-1939."

He intimated that steps were being taken to increase the facilities, and proffered the information that a site for a new hospital in Kowloon to accommodate some 500 to 600 beds had been secured and work was in progress; an infectious diseases hospital was also in the estimates, and provision was also made in the estimates for the new Kowloon Mortuary. He reiterated, however, that so long as limited facilities existed, his policy and that of Government was to see that those facilities were available primarily for those to whom they were essentially necessary.

MEANS TEST

It was pointed out to Dr. Selwyn-Clarke that assuming the basic principle as set out was sound, the Means Test to which it gave rise was distasteful to a large body of people; the principal objection seemed to be the manner in which this Means Test was applied, and the natural repugnance on the part of the public to have their private affairs investigated by an Almoner before being accorded treatment.

He replied that the Lady Almoner and her assistants had been carefully selected; they were thoroughly trained and he had every confidence in their ability to carry out their duties satisfactorily. He realised that such enquiries must necessarily be distasteful, but he felt that with a properly trained staff, the objectionable features could be reduced to a minimum. He stressed the fact that any complaint in respect of any side of hospital management, treatment, or administration, if made to him at the time or as soon after as possible, would be immediately investigated, and he wished personally to assure the Association that he would closely investigate any such complaints.

The discussion with the Lady Almoner disclosed that the system of Almoners was almost universally practised in England, and it was generally conceded that until "state medicine" as such was in being, it was in fact the only way properly to administer hospital treatment paid for by Government or similar bodies. She stated that in addition to the ordinary question of hospital admissions and treatment, the Almoner branch of the medical services was responsible for a considerable amount of social work, and from the point of view of whether they were worth their salaries or not, it was a significant fact that since the introduction of Almoners, the revenue of the Medical Department had actually increased; she added that the Almoner branch was a specialist branch, and the training and qualifications were quite distinct to those of the nursing branch.

PUBLIC CONFIDENCE

On being quoted several specific complaints which had been submitted to the Association, the Lady Almoner asserted that most of them did not come under the Almoner branch at all, but had to do with the administrative side of the hospital, with which she could not deal. Miss Watson stated that the Almoner system at the Queen Mary Hospital was running extremely well and she found that the public in general had confidence in the Almoners and were in fact coming to them for advice.

She realised that the same could not be said perhaps for Kowloon, as unfortunately owing to illness, she had been unable to devote the same time to the Kowloon Hospital. She felt, however, that once the initial distaste of the public to the introduction of a new departure was overcome, provided the Almoners concerned carried out their duties in the proper sympathetic manner, the same result would be obtained at the Kowloon Hospital as at the Queen Mary Hospital, and she promised that she would personally look into this question at Kowloon.

Owing to the comprehensiveness of Mr. Terry's report, final consideration of the matter was postponed to the December meeting, in order to give members of the General Committee more time to

ROUND THE POLICE COURTS

AT CENTRAL

SECOND ATTEMPT FAILED

After a successful attempt at stealing by a trick, three Chinese tried the same trick on another shop but did not succeed and one of them was arrested and charged before Mr. Lowry yesterday.

The man, Kwan Tak, 32, unemployed, was charged, with others not in custody, with stealing by means of a trick a quantity of Chinese medicine from the Luen Fook Hong Co., of No. 67 Des Voeux Rd. Central, on Oct. 20, and with stealing, also by means of a trick, 1-100 oz. quinine sulphate powder and 10 bottles of quinine bisulphate from the South Coast Commercial Agency, of 38 Connaught Road Central on Nov. 11.

Defendant pleaded guilty to both charges.

Det.-Sgt. P. J. Cullinan prosecuted.

The total value of the goods was \$450.79.

Kwan was sentenced to two months' hard labour.

DANGEROUS DRIVING

Summoned for driving in Victoria Road on Oct. 29 in a dangerous manner, Hung Wah-sang, of No. 529 Queen's Road West, third floor, was sentenced to 21 days' imprisonment by Mr. K. M. A. Barnett at the Central Magistracy yesterday. Traffic Insp. Clarke said that lorry No. 2420, driven by defendant, collided with a private car driven by Lieut. A. C. Gasper, who was coming from the opposite direction.

Mr. Barnett also recommended that the Commissioner of Police be asked to suspend defendant's licence.

SHOEMAKER GAOLED

Charged with stealing from another shoemaker, Yau Yee, 22, shoemaker, was sentenced to six days' imprisonment by Mr. Barnett yesterday for breaking and entering into 32B Island Road, first floor, between 3 and 5.45 a.m. on Sept. 11 and stealing two metal wrist watches, a fountain pen, \$9.20 in money and two suits of clothing, the property of Yu Chochun, 19.

Acting Sub-Inspr. Taylor said that the defendant was formerly a student in the Aberdeen Industrial School where he had been placed to learn shoemaking from 1933 to 1938.

As defendant had been in custody since Nov. 8 the sentence was to date from Nov. 9. Defendant was also bound over in the sum of \$25 for one year.

TRAFFIC SUMMONSES

R. B. Taylor, of No. 4 Stanley Terrace, Quarry Bay, who was summoned before Mr. Barnett yesterday for speeding in Hennessy Road on Oct. 25, was fined \$15.

Traffic-Sgt. Sullivan said defendant's driving was quite good and the road was fairly clear.

Taylor was driving at 40 m.p.h. Summoned for failing to signal when turning into Connaught Rd. Central from Wardley Street on Oct. 25, P. P. Botelho, of the French Bank Building, was cautioned.

C. J. Lodge, of No. 15 Gap Road, pleaded guilty by letter to a summons for leaving his car No. 3115 unattended in a road between Lower Albert Road and Garden Road on Oct. 24.

Traffic-Inspr. Clarke said that defendant left the car in the road when he went to Volunteer Headquarters for training.

AGAIN ADJOURNED

After further cross-examination of the complainant, Tang King-wai, by the defence, hearing of the case in which two men were charged with threatening and intimidating Tang was adjourned to Nov. 28 at 2.30 p.m.

(The defendants were Wong Hing-fong, 46, merchant of No. 113, Wanchai Road, first floor, and Cheung Kung-hop, 25.

Mr. M. A. da Silva appeared for the prosecution, while the defen-

dants were represented by Mr. Hin-shing Lo, instructed by Mr. J. M. Hall, and Mr. C. A. Sutherland Russ, respectively.

The case is being heard before Mr. Lowry.

AMAH HEAVILY FINED
A 30-year-old house amah employed by Mrs. Boyd, of No. 212 Sassoon Road, Yip Yuk-ying, who was charged with stealing a cotton bed sheet, fur coat, box of washing blue, box of Lux, tin of tea, and a bottle of vinegar from her mistress, appeared before Mr. K. M. A. Barnett on remand yesterday.

In imposing a fine of \$150 or two months' hard labour, Mr. Barnett remarked that a master trusted his servants and he was not expected to keep a constant watch on a servant.

Defendant was also bound over to two sureties of \$100 each failing which another four months' was imposed.

CONSPIRED TO ROB

On the application of Det.-Sgt. T. Cashman a remand of 72 hours was granted by Mr. Barnett yesterday in the case in which Chu King, 42, greaser, Yeung On, 42, unemployed, and Wong Ying, 30, unemployed, are charged with conspiring, on Nov. 11 at No. 14 Tai Wong Street East, and agreeing together to steal telephone cable belonging to the military authorities.

AT KOWLOON

PRISON AND CANE

An 18-year-old student, Wong Shi, member of a respectable family, was charged before Mr. Macfadyen yesterday with snatching a wrist watch from Chan Sau-lan, woman, at Reclamation St.

Det.-Sgt. H. J. Baldwin, said that the defendant had pawned the watch for \$3.

The defendant was sentenced to a week's hard labour and 10 strokes of the cane.

Two other men, Wong Tse, 21, and Yuen Keng-chuen, 17, were charged with similar offences.

Wong snatched a watch from Alice Ho, of St. Mary's School, and pawned it for \$13. The other defendant snatched a watch from a woman whom the Police could not trace so far.

Each accused was sentenced to three months' hard labour and 10 strokes of the cane.

SEQUEL TO DISPUTE

Two married couples, Mak Lam, 45, Chan King, 37, woman, Lau Wa, 48, and Chan Heung, 40, woman, were involved in a fight and were charged with disorderly conduct before Mr. Himsforth yesterday. It was stated that the woman had a dispute at Oak St. on Nov. 6 over their children.

Mr. Himsforth warned them that they would be imprisoned if such an offence should happen again. The defendants were each bound over for a year.

FORGED NOTES FOUND

In a raid at No. 32 Portland St., carried out by Chinese detectives, three men, Cheng Shui, 30, Tang Hoi, 30, and Cheng Hoi, 30, were arrested and a forged \$50 Mercantile Bank note and 11 forged \$1 Government notes were found. They were charged before Mr. Macfadyen yesterday for possession of forged bank notes and remanded seven days.

CONSPIRACY CASE

Hearing of the case, in which three employees of the Yau-mat Ferry Company, Li Leung, Leung Tong and Au Tim, were charged with conspiracy to defraud the Company, was continued before Mr. Macfadyen yesterday.

After further evidence given by two ticket inspectors of the Company, Mr. Macfadyen remarked that in view of the fact that the first and second defendant were both in the ticket office and he was satisfied that there was enough presumptive evidence of concert between the two. As regard the third defendant, there was less evidence, said Mr. Macfadyen, but as he was apparently in view of the box and apparently tried to keep out the uniformed inspector there was enough evidence against him.

Mr. Y. P. Woo, who appeared for the first defendant, asked His Worship to adjourn the case to Thursday when the accused will give their explanation.

STOLE A CAT

Convicted of larceny of a cat, Ku Kuen, 30, was sentenced to eight weeks' hard labour by Mr. Macfadyen yesterday. The defendant was a reputed bandit.

a charge of trespassing in a protected area, Kowloon Docks, and was sentenced to a month's hard labour. Sgt. Haynes prosecuted.

ARMS ON JUNK

A fine of \$20 was imposed by Mr. Himsforth yesterday on Fong Sik-yuen, 35, master of trading junk T4853H, who was charged with possession of a rifle and 154 rounds of ammunition on board his junk in the Victoria Harbour.

SERIOUS ALLEGATION

That 79 cents was taken from him during a search by C363 was the allegation made by Wan Hong-ping, 58, who was charged before Mr. Q. A. Macfadyen yesterday with returning from banishment. The defendant was arrested by C363 on information at Temple St. on Wednesday. The accused told his story that during a search at the Police Station in the absence of the Sergeant the constable took away the money and kept it for himself.

Sgt. Alexander, who conducted the prosecution, asked for a remand of 24 hours to make inquiries.

THE NEUTRALITY OF EIRE

AMERICAN opinion on Mr. de Valera's obstinacy over the neutrality of Eire has been frankness itself and has convincingly shown how vague are the reasons on which he clings so fanatically to a position of so-called independence. Mr. de Valera bases his arguments against permitting ports on the west of Ireland to be used as British naval and air bases on the ground that such an act would make these regions liable to bombing by German aircraft. Perhaps, this intimation has already been conveyed to the leader of the Dail by Herr Hitler, with a promise that only strict neutrality will safeguard Eire's ports from being bombed. This is probably the reason why Mr. de Valera took the trouble to deny that these ports were already being used by the Germans as bases of supply for their U-Boats, when it is still not clear that the allegation was ever made against the Eire administration. Mr. de Valera's attitude on this issue is regarded as deplorable, particularly as the Eire Government has been obtaining a number of concessions from Britain in the past and has so far made no gesture of good faith in return as a contribution to a common cause from which Mr. de Valera undoubtedly expects to benefit when it is brought to a successful conclusion.

WHAT is most astonishing, however, is the complete credulity with which Mr. de Valera seems prepared to accept Herr Hitler's promises that Eire will be immune from his designs purely on his neutrality attitude. It is inconceivable that Mr. de Valera has not taken the lessons of the Nazi disregard for neutrality when it comes to a question of satisfying Herr Hitler's greed for conquest. And it is equally inconceivable that Mr. de Valera does not realise that Eire either sinks or swims with Britain and that, in the unlikely event of Britain being defeated, Eire's strict adherence to neutrality will fail to prevent her being drawn into the Nazi maw. Independence, as Mr. de Valera wants

STUDENTS WED AT REGISTRY

The wedding took place at the Registry yesterday between Mr. Wong Wing-kwong, student, residing at No. 128, Nanchang St., and Miss Leung Bow-fung, student, of No. 183, Lai Chi Kok Road. Mr. J. Reynolds, Deputy Registrar of Marriages, officiated.

NEXT SATURDAY'S CHARITY BALL

H.E. the Acting Governor Lt. Gen. E. F. Norton, C.B., D.S.O., M.C., has been very kind in extending his patronage to the Charity Ball sponsored by the Shumchun Rural Welfare Centre, to be held on Saturday next, Nov. 23, at the Peninsula Hotel, and besides expressing his sincere wishes for its success has made a donation towards the funds of the Centre.

Owing to the pressure of his engagements H.E. will not be able to attend the Ball and this has always been so.

it, can only be secured by co-operation with Britain, because as a separate state, the ability of Eire to put up any resistance against attack is subject to grave doubts; particularly as Mr. de Valera has not been able to persuade Northern Ireland to adopt the same attitude of neutrality. Economically and politically, therefore, Eire is unable to stand on its own against the aggressiveness of the Totalitarian Powers and the stand Mr. de Valera has taken must be causing much misgiving in the minds of his own supporters.

THE POINTED reference which Mr. Churchill made to this situation in his recent speech to the House of Commons indicates the seriousness with which the British Government is regarding the attitude of Eire. As the Prime Minister stated, it necessarily imposes a heavy burden on Britain, but it does not mean that Britain is unable to push forward her plans for dealing with the increased menace from U-Boats. Mr. de Valera's determination to stick to his neutrality policy only imposes an inconvenience on Britain, in that her naval units are compelled to make longer journeys between stations for refuelling. This might be regarded as an obstacle, but not as an insurmountable difficulty. Mr. de Valera's statement that Eire is at present not assisting the Germans must be accepted, until there is proof to the contrary, but the British Government has not neglected the possibility of such help being rendered clandestinely, as there is no reason to believe that Eire can be considered free from Nazi Fifth Column activities, which may be making use of this neutrality policy to harm British shipping interests. Indeed, the recent sinkings of British shipping off the Irish coast point to such a possibility and the British Government is no doubt maintaining a close watch on what is probably taking place. Definite establishment of such activities might make Mr. de Valera realise that his neutrality might be better protected by showing a better understanding of British policy.

PLIGHT OF SINO WOUNDED IN THE PRESENT WAR

Miss Smedley Lectures On Experiences On Fronts

The plight of the Chinese wounded in the present war cannot be compared favourably with that of the wounded in any war in the past century. Of 2,500 wounded soldiers who left the front lines to receive treatment for wounds received in one single battle, only 1,000 reached the base hospital alive, MISS AGNES SMEDLEY, the noted author, said yesterday in a lecture given at the Fung Ping Shan Library on the subject "Experiences on the Chinese Fronts".

Even the lightly wounded men often died of infection before they could reach a base hospital some 15 days' journey from the front. Many of them had to do the journey on foot, while others were jolted over rough roads in ox-carts, suffering great pain. In the hospitals, there were no pain-killing drugs and men of the medical corps pulled from wads of cotton wool that had neither been washed nor sterilised.

The chief problem to be faced by the Chinese Red Cross was the re-education of the medical corps, numbering some 280,000 men, of whom about 20,000 were officers. So far, some 4,200 men have been trained in medical training schools staffed by the Chinese Red Cross.

IN OTHER WORK

This organisation itself could call upon only some 200 qualified doctors and many of these men were engaged in other work than care of the wounded.

In some hospitals, the only attention the wounded received was from boys of about 10 years of age who came around once a day with medicine and instructions on how many times a day to take it.

SUCCESSFUL PREMIER OF "SOMEONE AT THE DOOR"

Fine Portrayals By The Cast: Bob Leigh Excels

BY "PRUDENCE"

Lights were all ablaze, and there were a very great many people at the door of the K.C.C. last night, when a large and representative audience attended the premier of the Comedy Thriller *SOMEONE AT THE DOOR*. Among those present was His Excellency the Acting Governor, Lieut.-General E. F. Norton, C.B., D.S.O., M.C.

With Cecil Houghton as producer, the play was assured of success even before the curtain rose. By this time we all know that his name on a playbill means not only skilled and imaginative production, but the certainty that we are to see a first-rate play—Cecil Houghton knows just what the public likes and also how to give it to them.

Got up in aid of the Hongkong Bomber Fund it is just the thing to help drive away the blues (as well as the enemy), for there is not a single dull moment in a most original and exciting plot.

OPENING SCENE

The scene opens in the hall of an old country house where an over-ambitious young journalist called Ronnie, and his sister Sally, are having a hard time making both ends meet.

They have only just inherited this estate, after the death of an uncle. The house has been empty for some time, as the aforementioned uncle never cared to spend much time there, and a caretaker left in charge appears to have simply walked out without warning.

The house has a somewhat unpleasant reputation in the village—but this does not worry the scatter-brained Ronnie—all he cares about is making a name as a journalist and he is not going to be too particular how he does it.

PLOT HATCHED

Annoyed by the success of a rival, who has acquired fame by serving a term in prison, Ronnie is prepared to go to any lengths to achieve similar notoriety. He hatches an absurd plot to stage an imaginary murder, and suggests that his sister should pose as the victim. The fact that he would actually benefit financially by her death does not deter him, in fact it seems to spur him on. Sally at first rebels, but later is persuaded by their mutual boyfriend to take a chance which might bring them both fame and fortune—but, (as we all know) "the best laid plans of mice and men all gang a-gley," and in this case they lead straight to disaster with unexpected rapidity.

The plot thickens when a neighbouring J. P. comes to call. There is a mysterious man-servant too, and we soon discover that there is a very good reason why this old manor-house has such an unsavoury reputation. But it is not for me either to unmask a villain, or unfold the plot, so future audiences must unravel it for themselves.

THE CAST

In the part of a forceful Police Sergeant, Bob Leigh, scored a notable success and held the stage whenever he appeared, playing the part of Sgt. Spedding to the life.

Vic Labrum (whose roving eye has usually moved us to unseemly mirth) appeared in a totally different role, as the sinister man-servant Price. A new venture for him, but one which proves him to be a clever actor.

We miss the genial humour to which he has accustomed us in the past, but pay tribute to his versatility; and likewise to that past-master in the art of "make-up" Mr. Victor Mamak, who has excelled himself in disguising a familiar countenance.

The leading-part is played by that old favourite Harry Cockle (who has so often delighted Philharmonic audiences). He brought boundless vitality and enthusiasm to the part of the reckless Ronnie, and kept up the interest in many tense moments with great effect. Always very popular in musical comedy, it was most interesting to see him play a "straight-part" and we hope it will be the first of many.

NEW-COMER SCORES
There is only one girl in the play, and this was portrayed by a new-comer, in the person of Day Sage, a young lady with undoubted histrionic ability. Though Sally is, perhaps, not quite her ideal part, she played it with such sincerity and sympathy that it could not fail to appeal. Her light touch during several difficult moments being most commendable.

In the part of a jovial country J.P. we had R. T. Burch, who brought an element of mystery and excitement with him, whenever he appeared, and carried off an important role with his customary aplomb. The dramatic climax in the last act gave him a truly wonderful chance.

CONVINCING PERFORMANCE

Sally's sweetheart Bill was excellently portrayed by G. S. Davies who gave a convincing performance, and the part of the Irish constable O'Brien was safe in the hands of Walter Western.

Delightful incidental numbers played by musicians of the 2nd Bn., of the Royal Scots, and numbers of pretty girls with shell-cases as collecting-boxes, all helped in the success of the evening.

Further performances in aid of The Bomber Fund will be given tonight and on Sunday evening at 9.15, and we strongly recommend the public to pay a visit to the K.C.C. and find out for themselves just WHO was "at the door".

Governor Of S.S. Due In Hongkong

HIS EXCELLENCY SIR SHENTON THOMAS, G.C.M.G., O.B.E., Governor of the Straits Settlements and High Commissioner for the Federated Malay States, accompanied by Lady Thomas, are due to arrive in Hongkong on Thursday next, Nov. 21, on their way to Singapore.

They will be the guests of His Excellency the Acting Governor during their stay in the Colony. His Excellency the Acting Governor will give an official dinner party to Sir Shenton and Lady Thomas at Government House, on Friday, Nov. 22, at 8.15 p.m.

SALE OF LAND AT D. O. SOUTH

Seven lots of agricultural land and one building lot in the New Territories, were sold by public auction at the District Office, South, yesterday.

With the exception of one lot, consisting of 3.06 acres at Sha Tau Kok, which was sold at \$208 as against the upset price of \$237, all the lots were sold at upset prices.

The building site at Mui Wo, measuring 1,200 square feet, was sold for \$24. The total price paid for the remaining six lots amounted to \$497.

THE WEATHER

Maximum temperature yesterday was 76 and the minimum 65. Total rainfall since January 1 is 117.32 inches against an average of 83.26.

The Royal Observatory report states—

The anticyclone continues to increase in intensity and now covers the whole of China, Japan and the neighbouring seas.

FALL FROM TRAM

A Chinese male, Leung Hop-man, fell off a tram in Des Voeux Road Central yesterday and was removed to the Queen Mary Hospital suffering from a fractured skull. His condition was reported to be serious.

A Chinese woman, 32 years of age, who fell in the Central Market five days ago, was removed to the Queen Mary Hospital, yesterday, for treatment.

LONDON, Nov. 15 (Reuter)—Britain is maintaining summer time throughout the winter.

JAPAN WANTS SAIGON, CAMRANH AS BASES FROM WHICH TO THREATEN S'PORE

Early Move Against South Indo-China Hinted At

SHANGHAI, Nov. 15 (Reuter).—Japanese naval circles in Shanghai, interviewed by Reuter, do not deny the possibility of Japan establishing herself in Southern Indo-China, some naval circles even declaring that Japan will move in "very shortly."

Apparently, the main object of such a potential move is the use of Saigon and Camranh as advance bases from which to threaten Singapore, or at least British North Borneo, and endeavour to dominate the comparatively narrow stretch of sea between Southern Indo-China and North Borneo.

According to one political naval authority, Japan's plans are:

Firstly, to establish herself in Saigon and Camranh;

Secondly, to dominate the sea to North Borneo, and;

Thirdly, if there is any sign of hostilities with Britain, to seize North Borneo, using the fleet from Southern Indo-China to cut off assistance from Singapore.

No Japanese naval circles appear at present to envisage an attempt to attack or blockade Singapore.

HONGKONG TOO

They declare that they would be satisfied if they could effectively cut off Singapore from the East in this manner, thereby enabling them both to deal with Hongkong and with British interests in China at their leisure and to ensure that no threat of blockade from Singapore is possible to Japan Proper, or to Japanese possessions.

"EXTREMELY DELICATE"

HANOI, Nov. 15 (Reuter).—The problem of future relations between French Indo-China and Britain and America are "extremely delicate," said Vice-Admiral Jean Decoux, Governor-General of Indo-China, in an interview he gave yesterday, according to a Japanese report.

"French Indo-China has been maintaining close and cordial relations with Britain and America until now, I believe it is against the interests of France to break

off these profitable relations.

"I intend to follow the policy by which we will be able to remain at peace with Britain and America provided the European war does not spread to the Far East," he asserted.

BREAK WITH CHINA

He admitted that economic and political relations between Hanoi and Chungking has been broken off. However, he pointed out that France had interests—such as the railway in Yunnan—which geographically is contiguous to the town.

"I hope these interests will be restored to our control as soon as possible," he added.

Referring to Chinese emigrants in French Indo-China, Vice-Adm. Decoux said that he did not see any reason to interfere with their peaceful pursuits. He stated that "unless they participate in political plots I do not think we need change our policy towards them."

SEA TRAFFIC

He admitted that in view of the interruption of sea traffic between French Indo-China and France, it was necessary to establish wide and profound economic relations with various nations in the Far East, particularly Japan.

Regarding the economic negotiations now going on at Hanoi between Hajime Matsumiya, Japanese Special Envoy and the French Indo-China authorities, he said: "It is best to carry on the parley which is patently narrowing our differences in view point gradually."

Five Chinese Ports Closed To Shipping

SHANGHAI, Nov. 15 (Reuter).—As from Nov. 14 clearance papers will not be issued to steamers running between Shanghai and four ports at east Chekiang and one port at Fukien, states the Sinwanpaio.

This measure was taken upon the notification of the Japanese Assistant Commissioner of Customs to the General Affairs Department.

The five ports included in the new order are Kungaoao, Sungmen, Haimen and Wushihpu, in east Chekiang, and Shaoheng in Fukien.

SERVICES SUSPENDED

These ports were not included in the list of blockaded ports previously announced by the Japanese Naval authorities. Various steamers plying between these ports have been forced to suspend services.

BOMBING OF COVENTRY

Continued from Page 1

The raid on Coventry was carried out by at least 40 enemy planes which came over in waves from dusk to dawn. There will be many stories of heroism when it is possible to collect them, states the official report on the raid.

Casualties included members of the Civil Defence, Fire and Police services who are known to have lost their lives while on duty.

Among the places damaged was the operating theatre of a hospital. An isolation hospital was hit and some casualties caused in one ward.

Other places damaged included two churches, public baths, two clubs, a school, a hotel, four public shelters, cinemas, a police station, the post office and two first aid posts.

PALACE MEWS DAMAGED

Buckingham Palace mews was damaged by a high explosive bomb during a recent air raid.

The King and Queen were not in residence and nobody was hurt.

Druy Lane Theatre was also damaged in a recent attack on London.

BERLIN, Nov. 15 (Reuter).—"Stronger units of the R.A.F. than ever before, penetrated into Germany in different directions to bomb the capital," says the official News Agency in an account of last night's raid.

The Agency asserts that "only 10 to 15 planes reached the outskirts of Berlin" and claims that bombs caused no damage of importance.

BELIEVED NO DOCUMENT SIGNED AS RESULT OF HITLER-MOLOTOV TALKS

The official Russian News Agency has issued a communique on the recent visit which M. Molotov, Soviet Prime Minister and Foreign Commissar, paid to Berlin, according to a message from London. The communique is identical with the German communique, which reported that an exchange of views had established mutual understanding on the most important problems in Russian-German relations.

The Russian News Agency has denied a Japanese report that Japan has reached an agreement with Russia on a division of spheres of influence in the Far East and states that this report does not correspond with realities.

In Berlin, some quarters believe that no document was signed as a result of the Molotov-Hitler talks.

In the United States, the NEW YORK HERALD-TRIBUNE states: "The bombast surrounding the visit cannot conceal the fact that the totalitarian cause is at low ebb."

The NEW YORK TIMES says: "The crippling of the Italian Fleet at Taranto has adversely affected Herr Hitler's bargaining power with M. Molotov."

General Kettel, Chief of the German Army Staff, a London message last night, stated, is on his way to Innsbruck for general conversations with Marshal Badoglio, Chief of the Italian Army Staff.

AIM OF VISIT

LONDON, Nov. 15 (Reuter).—A claim that the Soviet-German collaboration means as much as a battle lost for Britain, was made by the German Wireless commenting on Molotov's visit.

"The aim of his visit which consisted of the intensifying of German-Russian co-operation has been achieved," the wireless com-

MURDERED BY FIFTY BANDITS

KUNMING, Nov. 15 (Reuter).—It is reliably stated that 50 bandits murdered Mr. and Mrs. Alfred Max Bernheim, and one of their sons David, when they invaded and ransacked the mission compound on the night of Nov. 5, at Changyi near Kutsing, Village on the Yunnan-Kweichow border.

Mr. Bernheim was an independent missionary, attached with the Philadelphia Missionary Association of Spokane, Washington.

One of the children wounded is expected to recover. The remaining children who were sleeping in the room adjoining the tragic scene of their parents' murder, were not harmed.

Gen. Sikorski & Aspirations Of The Poles

LONDON, Nov. 15 (Reuter).—The Polish Brigade stands alongside the British in the Middle East, ready to fight any who declare that Poland has been liquidated, declared General Sikorski, at a luncheon at Grosvenor House given in honour of Poland yesterday.

The peace which will conclude the war, he said, must not be a peace of vengeance, but an act of justice, excluding armed conflicts between nations for many generations.

We Poles are not only fighting to get back our country; we have wider aspirations of which we have already given definite proofs by the comprehensive understanding with Czechoslovakia, thus beginning a real federation of European powers.

SABRY PASHA'S FUNERAL

The funeral of the Egyptian Prime Minister, Hassan Sabry Pasha, who collapsed and died on Wednesday took place yesterday in Cairo, according to a London message which added that King Farouk's personal bodyguard took part in the ceremonies.

WICKHAM STEED ON AXIS SETBACKS

Continued from Page 1

the chance to drive in a stake to stop American help to Britain. "Next came the disturbance by British bombers of Hitler's beer cellar celebration in Munich. This must have showed the German people that their invincible Fuehrer could not do as he liked even in his own country."

"He cannot cripple our battle split and British bombers have made things very hot for Hitler and Mussolini all over Germany and Italy."

"Worst still was the total defeat of picked Italian Alpine divisions by the Greeks and by doing this the Greeks spoiled a very dangerous Italian strategic plan. It was this thought in German and Italian quarters that these temporary successes would avail the Greeks very little when Hitler's troops had poured in through Rumania and then these whippersnappers died down as the earthquake in Rumania began to reverberate through Europe."

"The German and Italian people must now be wondering whether providence really stands behind the Rome-Berlin axis."

TWICE AS IMPORTANT

"Ever since British forces landed in Crete I have been waiting for news from Taranto which is twice as important as Naples. The first news came when an Italian warship had been damaged by bombing at Taranto. When the details of our bombers was made known it was quite a different story and was supported by photographs to prove that half the Italian Battle Fleet had been put out of action. The Prime Minister might quite well call this a glorious episode. For Mussolini's scouting monsters it was anything but glorious."

Mr. Steed went on to explain the derivation of the name Littorio as applied to the class of Italian battleships which the Fleet Air Arm had put out of action.

He said that the word really meant a bundle of rods and an axe and Mussolini had made the word the symbol of Fascism.

END OF FASCISM

"Now one of his own battleships of the Littorio class lies crippled and half-submerged in the harbour of Taranto as the symbol of the approaching end of Fascism itself. For the British Commonwealth and her Allies this action is more than a symbol."

"It has altered the balance of naval power in the Mediterranean and the situation has turned to our advantage. And now the R.A.F. has followed up this action with attacks on the Italian Fleet and on the German capital and Hitler must be gnashing his teeth for he was depending on the Italian sea-power to disrupt our communications in the Mediterranean. What is important is that these glorious episodes, has added to the annals of fame of the British Navy."

Mr. Steed next referred to the heroic action of the captain and crew of the *Torres* Bay and described the episode "a noble story of the sea." "Alongside such deeds," said Mr. Steed, "the confabulations in Berlin between Molotov, Hitler, Ribbentrop, Goering and the rest seem to be prosaic. What they may portend we do not know but what we do know is that Hitler wants something to show his people—something to offset the damage which German industry has suffered from British bombing."

A HARD BARGAIN

"Hitherto Russia has always driven a hard bargain when Hitler tries to get help. Now that Hitler needs more Russia may well prove more exacting and I wonder how much window-dressing there was for M. Molotov's visit. I for one doubt whether Russia will swallow what was placed before Molotov in Berlin."

"In Poland the Germans have increased their brutal severities because the Poles will not give up the idea that Germany is going to lose the war."

"An important event of the week was the agreement between the Czechoslovakian and Polish Governments for co-operation after the war. This should be an example to the rest of the world."

"It is an agreement which means that the future world must be based on close co-operation with a full recognition of freedom and justice. The two Governments are determined to enter into this collaboration on principles of democracy."

"In this declaration we have the germ of a real new order. It helps to outline the kind of settlement that will have to replace the settlement that stands in contrast to the new order Hitler speaks of."

DIGNITY OF MAN

"It means the upholding of the dignity of man and the blows struck by British airmen must hasten the advent of that day. Molotov could not have ignored the glorious episode of Taranto which came during his visit to Berlin. However this may be, it will lie with the British Commonwealth and her Allies to mould the Nazi abomination of desolation and setting up a better Europe and nobler world."

SOVIET-NIPPON UNDERSTANDING IN EAST DENIED

MOSCOW, Nov. 15 (Reuter).—American reports that Japan has reached an agreement with the Soviet Union defining their spheres of influence in the Far East and that the Soviet has undertaken to cease assistance to the Chungking Government were denied in a statement issued by the official Tass Agency today.

The Agency states that these reports "do not correspond with reality."

Interesting Exhibition Opens Today

WORKS OF MONK PAINTERS

An interesting exhibition will be opened at the Fung Ping Shan Library today of the works of the four Monk painters of the Ming Dynasty, Tsing Hsiang, Fah Ta, Shih Chi and Chien Kiang.

The exhibition, to be held under the joint auspices of the Sino-British Cultural Association and the Association for the Advancement of Chinese Culture, will last from 10 a.m. to 6 p.m. and is to be only for one day.

Several well-known collectors of Chinese art works have loaned pictures in their possession for the occasion, among them Mr. Ho Kuan-wu, Mr. Wong Chi-ching, General Ho Lok, one-time Commissioner of Police at Canton, Mr. Leung Wai-ng, Mr. Wong Bun-yuek, Mr. Poon Hec, and a gentleman under the pen-name of Yee Yuen.

21 PICTURES

Tsing Hsiang, also known as Shih Tao, is represented by some 21 pictures, including the famous scroll on the Huang Shan Mountains in Anhui.

Fah Ta, another of the painters represented, is best remembered for the peculiarity of his signature. He was of the family of the Ming Dynasty and had to don the garb of a monk to survive the persecution of the early Ching emperors.

The other two artists exhibited, who lived in about the same period, are Shih Chi, represented by four landscapes, and Chien Kiang, represented by seven landscapes.

PACK OF WILD DOGS AND TIGER

Reported Presence In Colony

Rumours are current that there is evidence of a tiger prowling about Taimoshan. Villagers living at the foot of the mountain report that they had heard howls of the beast for the past several nights. One villager claimed that early on one morning he found his cow dying and a large chunk of flesh was torn away.

It is also reported that a pack of wild dogs a few days ago attacked and killed a domestic dog owned by Mr. C. Baker while only two nights ago, another attack was made on dogs owned by Mr. J. P. Whitman. The wild animals were eventually beaten off by servants.

In Pokfulam district, a pig was killed and many chickens and farm animals destroyed.

FIRE OF DESTRUCTION LIT AT TARANTO

Continued from Page 1

against Italian warships in Taranto harbour, our light forces to attack Italian-Albanian communications in the Straits of Otranto and our convoys to carry men and material to Greece," writes Reuter's Special correspondent with the Mediterranean Fleet.

"Not only were these operations highly successful but in addition during the voyage, fighter patrols of the Fleet Air Arm shot down six Italian shadowing aircraft and two bombers, and damaged a third."

"The night was without wind and bright with a three-quarter moon breaking through slowly drifting clouds, when planes of the aircraft carriers, H.M.S. Illustrious and H.M.S. Eagle (formerly on the China Station) left their bases for their torpedo and bombing attack against Italian warships in the Taranto harbour. The attack was particularly hazardous for torpedo-carrying planes, since Taranto is defended by a balloon barrage and it was vital for the planes to fly low to hit their objectives."

INTENSE FIRE

"The Italian aircraft met with an intense fire from ground batteries, but continued to drive home their attack with great daring and dropping about 11 torpedoes among the Italian warships. There is no doubt that this splendid work of the Fleet Air Arm in which we lost only two machines is the most shattering blow yet dealt the Italian Navy."

"Meanwhile, two Italian S.O.S. signals which we intercepted show-

ed that light naval forces, carrying out a simultaneous raid on the Italian lines of communication with Albania, were also meeting with success."

"Penetrating the Straits of Otranto, they fell upon the convoy of four Italian ships escorted by two destroyers. The convoy was on its way to Italy from the Albanian port of Valona, which was raided on the same night by both the R.A.F. and Greek bombers."

"The Italians were apparently taken completely by surprise and closing in with guns and torpedoes, the British warships sank one ship outright, while two others were soon blazing fiercely. One of the escorting destroyers received a hit, but managed to escape under cover of a smoke screen. The second destroyer did not even open fire, but abandoned the convoy and fled as soon as the battle started."

"Throughout the entire trip, the only opposition we encountered was an abortive and entirely ineffective Italian air force while we were in Central Mediterranean."

EFFORTS TO SALVAGE

LONDON, Nov. 15 (Reuter).—A reconnaissance flight over the Italian naval base at Taranto show that efforts are being made to salvage a battleship of the Littorio class, the Admiralty announces.

It adds that it is confirmed that two battleships of the Cavour class are aground. One is beached and the second appears to have been abandoned.

Only the forward part of the upper works of the latter battleship are above water.

The pilot of one of the reconnaissance planes reported that four shapes could be seen under water off the entrance to the graving dock of the inner harbour.

BLOW AT JAPAN

CHUNGKING, Nov. 15 (Reuter).—The influential daily, TAKUNG-PAO, hails the British naval victory at Taranto as a vital blow to the aggressors, particularly Japan. The paper declares that following President Roosevelt's re-election the Taranto victory rather upset Japan's plans to launch an immediate attack on Singapore and the Dutch East Indies.

5 MINESWEEPERS LOST

The Admiralty announced yesterday that five minesweepers have been lost during recent operations, states a London message.

Despite the extension of enemy mine warfare British counter-measures are reported to be meeting with great success.

Reuter adds that the lost minesweepers are the trawlers Rinova, Serra, William Wemy, Stella Orion and the drifter Girl Helen. There were no casualties in the Serra or the Stella Orion.

CATHOLIC NEWS & NOTES

PRIESTS IN WAR DANGERS: CATHOLIC CHURCHES IN LONDON AIR RAIDS

According to news of the London air raids as gradually released it is naturally found that the toll taken by Nazi bombers on Catholic churches and other ecclesiastical buildings continues to grow. One of the first churches to be destroyed was that of Our Lady of Victories, Kensington. This is a well-known church, as it served as the Pro-Cathedral of the Westminster diocese before the building of Westminster Cathedral. It was hit by an oil bomb and incendiaries and is now a ruin.

The Jesuit church in Farn St. was also damaged in the first weeks of the blitzkrieg. The blast of a bomb which fell in Berkeley Square nearby broke windows in the church, and an anti-aircraft shell fell through the adjoining residence. Another Jesuit house in London to be damaged was Southwell House in Hampstead. It is the house of studies connected with London University. No students were in residence but the caretaker was injured when an anti-aircraft shell hit the house and exploded on impact.

Westminster Cathedral had a narrow escape. A bomb fell within a hundred yards and made a deep crater in the road. Those who were in the Cathedral at the time felt the building rock. Brompton Oratory had a similar escape on two occasions.

One East London area lost its church, school and presbytery, practically only the outer walls being left standing. This church had a very narrow escape during a Zeppelin raid in the last war. A bomb fell outside but did not explode.

No priests were killed in London in the early raids but two were killed in other parts of England, in Surrey and in Liverpool. One was leading some persons to an air raid shelter at the time and the other had just returned to the presbytery after giving the last Sacraments to persons injured in the raid.

PRIESTS IN WAR DANGERS
In addition to the priests who have been killed in air raids and died with the soldiers on active service many have suffered injuries and gone through other of the terrifying experiences that are common in war time.

The first to be wounded in England seems to have been the parish priest of a Dover Church that was struck by a shell from a long-range gun. He was hit by a fragment of shrapnel. He is a man who has led a most active life and has served a ship's chaplain to troops more than once on the way to India. He has been responsible for the building of several churches.

Another priest was on the torpedoed liner that was taking children to Canada. He was an Irish priest belonging to an English diocese and he had been professor in an ecclesiastical college in France before the French collapse.

As he had just returned to England he was asked to go as an escort to the children. All the Catholic children in the party are believed to have been lost.

There was also a priest on the "prisoners' ship," the Arandora Star, which was sunk while bringing Germans and Italians from concentration camps in England to others abroad. He was an Italian.

PEAK CHURCH

Church of England Service Sunday Nov. 17, 26th Sunday after Trinity. 8 a.m. Holy Communion.

FIRST CHURCH OF CHRIST, SCIENTIST

31 Macdonnell Road

Service on Sunday, November 17. The subject of the Lesson Sermon tomorrow in all Christian Science Churches will be Metals and Immortals.

The Golden Text will be: "He that loveth his life shall lose it; and he that hateth his life in this world shall keep it unto life eternal." (John 12: 25).

Among others the following citations will be read from the Bible: "This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. For the flesh lusteth against the Spirit; and these are contrary, the one to the other: so that ye cannot do the things that ye would. But if ye be led of the Spirit, ye are not under the law." (Galatians, 5: 15-18).

The following citations will also be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals obtain the harmony of health; only as they forsake discord, acknowledge the supremacy of divine Mind, and abandon their material beliefs. Mortal mind makes all that is mortal. If the body is diseased, this is but one of the beliefs of mortal mind. God is more to a man than his body; and the less we acknowledge matter or its laws, the more immortality we possess. Correct material belief by spiritual understanding and Spirit will form you anew." (Science and Health, Pages, 400 and 425).

UP THE SPOUT

"Your name and college, Sir?"
"Digby, Sir, St. Marks."
"I watched your recent exploit. Digby—it had a certain element of daring."
"Yes, Sir."
"But no element of originality."
"No, Sir."
"It will be necessary to send workmen up in the morning to remove the object—not without some danger to life and limb."
"Yes, Sir."
"From your appearance and your manner Mr. Digby, I assume that you are celebrating some event of great importance—some outstanding academic achievement no doubt."
"Yes, Sir."
"H'm—my advice, Sir, is that you retire to bed immediately, having first taken a long draught of Rose's Lime Juice. Its therapeutic effects may help you to face the wrath to come in the morning."
"Thank you, Sir."
"And by the way—I notice you chose the long way up. Actually there is a shorter way. I remember in '88 or was it '89—H'm, H'm, Good night."
"Good night, Sir."

Chinese Products Popular In Canada, Says Visitor

Chinese products are very popular in Canada, according to Mr. Huang Chi-sheng, prominent Chinese resident in that country, who arrived here by Clipper a few days ago en route to Chungking as a delegate to the National People's Assembly.

Mr. Huang, who is chairman of the Toisan Natives Association, executive member of the Chinese Anti-Japan National Salvation Association and member of the standing committee of the Canada branch of the China Aviation Reconstruction Association in Vancouver, said that the Canadian market was full of Japanese goods before but since the outbreak of the Sino-Japanese hostilities their quantity has been markedly reduced as a result of a widespread boycott.

He revealed that for various reasons, 400 out of 500 fishing licenses issued to the Japanese residing in Canada were recently invalidated by the Canadian authorities.

Mr. Huang is interested in boosting Chinese trade in Canada. After his arrival in Chungking, he said, besides Mr. Lin Sen, Chairman of the National Government, and Generalissimo Chiang Kai-shek, he will call on Mr. Wong Wen-hao, Minister of Economic Affairs, to confer with him on this question.

REVISE REGULATIONS

In regard to the development of the Chinese market in Canada, he suggested that the Canadian Government be persuaded to revise its import regulations and close contact be established with the Chinese there for the holding of Chinese products exhibitions and the organization of industrial concerns.

There are about 30,000 Chinese in Canada, mostly engaged in the restaurant business, laundry, farming and wood-sawing. All fervently patriotic, they have contributed huge sums to China's war chest. A fund-raising campaign for the purchase of planes for China is now proceeding smoothly.

Mr. Huang, a native of Toisan, has been a resident in Canada for over 30 years, and has never shrunk from any work that contributes to the welfare of the overseas Chinese or to his mother country.

Prior to his departure for China, he made a tour to San Francisco, Los Angeles and Seattle to study the overseas Chinese conditions and trade there.

After visiting Chungking, he expects to proceed to Shikwan where he will call on General Li Hon wan, Chairman of the Kwangtung Provincial Government. He will then make an extensive tour to the various fronts.

KWANGSI PROGRESSING IN RECONSTRUCTION

THE WORK OF RECONSTRUCTION IN KWANGSI IS PROCEEDING APACE AND CONSIDERABLE PROGRESS HAS BEEN MADE IN THE FIELDS OF AGRICULTURE, INDUSTRY, TRADE, MINING, COMMUNICATIONS AND CO-OPERATIVE ENTERPRISES, according to Mr. Chen Hsiung, Kwangsi Commissioner of Reconstruction, at the Weekly Memorial Service yesterday.

The production of wheat and cotton has been increased as compared with last year. Wheat was cultivated in 30 districts last year with an estimated crop of 400,000 piculs. The area of cultivation this year was expanded to 39 districts.

The cotton crop last autumn totalled more than 17,000 piculs representing a one-third increase over the previous year, while the area of cultivation was increased from 40,000 mow to 45,000 mow.

Owing to the poor harvest of the late rice crop, the authorities are mapping out plans for extensive cultivation this winter, for which purpose the Ministry of Agriculture and Forestry has appropriated \$3,000,000 for the purchase of seeds and fertilizers.

In industry, two new factories have been established. The Kwangsi Flour Mill has already started work, while the Kwangsi Cement Works is expected to begin operation in the near future. Rehabilitation of the industrial plants in Nanning is now under way. Both the power plant and the waterworks are to resume operation shortly.

EXPORT TRADE

To obtain foreign exchange, the export trade is being pushed. The principal items for export at present are wood oil and vegetable oil. Since the abolition of the Provincial Trade Bureau, the export trade has been handled exclusively by the Bank of Kwangsi.

In order to encourage production of lead, antimony, and Tungsten, the prices for these minerals have been increased and the treatment of the miners improved. Lately a rich coal deposit with an estimated output of some 300,000 tons was discovered in an undisclosed locality of the province. The San Ho Mining Company has been granted the sole right to exploit the ores.

To further develop communications, a number of new roads have been built and an I-Chan (Courier Service) Administration was established. Operation of the courier service is expected to supplement the bus service.

Industrial co-operatives are extensively developed in the provinces. At present, there are over 800 industrial co-operatives with a total membership of more than 500,000. Loans granted to farmers amount to more than \$10,000,000. The capital of the Provincial Co-operatives Treasury is fixed at \$5,000,000, of which \$3,000,000 has already been raised. (Central News)

TAN KAH-KEE TO CONFER WITH GEN. CHEN YI

After completing an inspection tour of southern Fukien where he studied the possibilities for investment for agricultural and industrial development, Mr. Tan Kah-ke, well-known Chinese industrial magnate from Singapore, arrived at Yungan on Nov. 11.

The whole city was bedecked with national flags in welcome of the overseas Chinese leader and Chairman Chen Yi of the Fukien Provincial Government gave a reception in his honour which was attended by all the high officials of the provincial government.

Mr. Tan said he had come to Yungan to interview Chairman Chen and to visit the Provincial Industrial Exhibition now being held in the city. (Central News)

CANADIAN FOOD PRODUCTS FOR BRITAIN

OTTAWA, Nov. 15 (Reuter)—

Britain has agreed to buy nearly 225,500,000 worth of food products from Canada during the second year of the war.

This total takes no account of wheat purchases.

In making this announcement in the Canadian House of Commons yesterday, Mr. J. G. Gardiner, Minister of Agriculture, said that he saw prospects of selling about 16,000,000 bushels of wheat to Britain annually for the next five years.

VOLUNTARY DUTCH "INCOME TAX"

LONDON, Nov. 15 (Reuter)—

The Dutch Government, in addition to paying for its own armed forces now fighting with Britain, is also meeting the cost of all equipment for the Dutch fighting forces.

In order to increase revenue, an appeal has been made to Dutchmen all over the world to pay voluntary "income tax" the proceeds from which are expected to cover the cost of the essential services of the Government.

NEW YORK COTTON: Consumption during October totalled 770,702 bales which is a record. Heavy mill fixations were lending continuing strength to the market with spot houses the best buyers.

CHICAGO WHEAT: Cash wheat in Chicago was strong with No. 2 Hard Wheat ten cents above the loan rate. Mill markets were firm and active. There was some speculative profit-taking at the advance but very little pressure.

BERLIN STRANGELY SILENT ON M. MOLOTOV'S VISIT

Failure Of Nazi Aim Seen In Vague Communiqué

LONDON, Nov. 15 (Reuter).—Opinion in London is that if Hitler had achieved the diplomatic success for which he, no doubt, hoped from the Molotov visit, such as the adherence of Russia to the Rome-Berlin-Tokyo Alliance, he would have loudly proclaimed the fact to the world, says Reuter's Diplomatic correspondent.

The communiqué issued by the Germans after the visit of the Soviet statesman was, however, extremely vague and could mean anything either side like to read into it or out of it. It seems unlikely, therefore, that Hitler's dreams have yet come true.

The cautious wording used would suggest that, in his main object, dictated by the growing British power in the Eastern Mediterranean, Greek resistance and obstinacy from Vichy, Hitler has failed to achieve anything spectacular, and that M. Molotov has returned home having conceded little to his important neighbour in the political field.

There has no doubt been an attempt by the Germans to increase the industrial help which the Soviet Union might give Germany. The cautious wording used would suggest that, in his main object, dictated by the growing British power in the Eastern Mediterranean, Greek resistance and obstinacy from Vichy, Hitler has failed to achieve anything spectacular, and that M. Molotov has returned home having conceded little to his important neighbour in the political field.

Hitler has reason to be dissatisfied with the help that Russia has been giving him in this direction. Germany is feeling the pinch of the British blockade and the effects of the almost nightly bombing of industrial centres and oil plants. No doubt she would be very glad if she could arrange for her planes and munitions to be made somewhere away from the attentions of the R.A.F.

Whether Germany has succeeded in this object only time will show.

POOR ITALIAN SHOW
Doubtless the Germans would like to score a diplomatic victory to offset the re-election of President Roosevelt, the increasing aid to Britain of the United States and the poor performances of their Italian ally in Greece.

These reasons are now greatly reinforced by the crippling blow dealt to Italy's fleet by the Fleet Air Arm of the Royal Navy.

PUBLICATION WITHHELD
STOCKHOLM, Nov. 15 (Reuter).—Publication of the results of M. Molotov's visit to Britain will be withheld until a later date, according to Berlin correspondents of the Swedish press.

The correspondent of the Dagens Nyheter deduces that M. Molotov's satisfied air indicates that a general agreement has been reached and also that the Russian attitude towards Britain has been fixed.

Russian circles in Berlin, says the correspondent, consider that it is now evident that Anglo-Russian collaboration is not likely, but they do not believe that Russia is inclined to join the three Power pact in its present stage.

She will, apparently, continue outside the conflict though quite willing to see more "capitalistic" states involved.

The correspondent adds that it is believed in these circles that Germany's efforts are directed

Divergence Of Opinion Between A.R.P. Authorities And The Police As To What Constitutes Effective Blacking-out

NATIONAL RECLAMATION REGION
An important decision at the recent conference between Generalissimo Chiang Kai-shek and General Liu Wen-hui, Governor of Sikong Province, was to establish a national reclamation region in the Ning and Ya districts of Sikong. It will provide food and shelter for thousands of dependents or soldiers either on active service or in hospitals.

A special bureau in Sichang, chief town of the Ning district, will be in charge of the development of the region. General Chang Tu-lun, director of the Generalissimo's Provisional Headquarters in Sichang, has been instructed to co-operate with the Ministries of War, and Agriculture and Forestry.

The impending completion of the Loshan-Sichang and Chengtu-Kangting highways will greatly help in moving the new settlers into the region. The migration of these families will assist the authorities in raising the cultural and living standards of the natives. Thus far, the place is inhabited largely by isolated tribal races. THAT THERE WAS A DIVERGENCE OF OPINION BETWEEN THE A.R.P. AUTHORITIES AND THE POLICE AS TO WHAT CONSTITUTES EFFECTIVE BLACK-OUT WAS ADMITTED BY THE DIRECTOR OF AIR RAID PRECAUTIONS, Wing-Comdr. A. H. S. Steele-Perkins, O.B.E., at the weekly Press conference yesterday.

This was elicited when Comdr. Steele-Perkins was questioned as to the truth, or otherwise, that in many cases where residents have been told by A.R.P. wardens that their lights were satisfactorily shaded they have, later in the evening, been told by Police officers that they were committing a breach of the lighting regulations.

The question arose out of the large number of summonses heard before the Magistrates at the Central and Kowloon Police Courts as well as before the District Officer, South.

BLUE LAMPS PERMISSIBLE

Questioned further, Comdr. Steele-Perkins vouchsafed the information that blue lamps may be used, provided they were put into corners and that no light may be seen from the street. "My instructions to wardens are to take action only if a shaded light can be seen outside of 100 yards."

Asked if the public will be instructed as to which shelter to go to should an emergency arise, he replied in the affirmative, adding: "As soon as we have sufficient shelters up we shall divide the areas up into blocks of houses and then to get the wardens to see that the whole of their beats go to their respective shelters."

PRACTICE DRILLS

Questioned as to whether there will be any practice drills in connection with the use of the shelters, as in the case of Chungking, the Director of A.R.P. stated that that is impracticable. In case of emergency, however, "we have our wardens to tell people to disperse and go to the dispersal camps."

The next black-out exercises will, said Wing-Comdr. Steele-Perkins, be held at the end of December, and will be on the same extensive lines as the last.

RECRUITING DRIVE

As to the progress made in the Warden Recruiting Campaign, the Director said that he was

FUNERAL OF MR. C. F. CROAWELL

The funeral of Mr. C. F. Croawell, who died at the Kowloon Hospital after a long illness, took place at the Colonial Cemetery yesterday. Rev. H. D. Rosenthal officiated.

The late Mr. Croawell was for many years with the Chinese Maritime Customs, from which service he retired some years ago and started on his own as a general broker. Wreaths were sent by Mr. and Mrs. W. Kalley, and Mr. and Mrs. T. H. Smith.

most satisfied as he was getting about 100 recruits every week. The present strength is 3,600 of which 2,800 are mobiles and 800 house wardens.

House wardens, he explained, are those who, though trained in the usual way, had signified at the time of enrolment that they were not available for public duties. Their duty is to stick to their houses, or big commercial buildings like the A.P.C., Jardines, Gloucester, and so forth.

FEN SHELTERS

The pen shelters being constructed near the Po Hing Theatre, at Yaumatei, will provide accommodation for 1,500 to 2,000. At present there are two tunnels, with a total of three entrances, under construction in Kowloon.

These tunnels will be joined together at a later stage of construction, and will be provided with more tunnels. When completed, these shelters will accommodate about 4,000 persons.

SUPPLY OF CEMENT

Another big tunnel being constructed will have entrances at Gascoigne Road, Pitt Road, Waterloo Road and Wing Sing Lane.

Asked as to whether the present stock of cement in Hongkong is sufficient for construction purposes, Wing-Comdr. Steele-Perkins laughingly said that he would not be drawn into that controversy. He would, however, say that "all we do is to buy it."

PROGRESS OF WORK

As to progress made in the work on the tunnels, the Director said that, up to the end of October, the footage was approximately 4,000 feet, or sufficient to shelter between 12,000 to 15,000.

He said that he was most optimistic of having the tunnels completed before schedule (18 months). The chief difficulty is to find suitable sites for digging tunnels in the Central district, where the only tunnels at present are those opposite the Hongkong Bank, near Ellis Kadoorie School, and a very big one at Belcher's Fort.

COMMUNICATIONS EXERCISE

Before the conclusion of the conference, Wing-Comdr. Steele-Perkins announced that there will be a communications exercise on Sunday, starting at 9 a.m., "in which we shall be testing the communication system of Headquarters."

"Six divisions will take part and they will be sending in reports of damage done and the essential services will be turning out men to attend to the alleged damage."
